

# MADISONVILLE FIRE DEPARTMENT MISSION

## MADISONVILLE FIRE

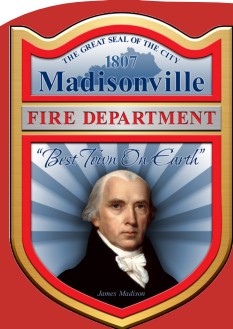

The Mission of the Department is to provide Madisonville with effective and efficient fire, rescue, and environmental protection services. This mission is to also provide other necessary emergency services essential to the health, safety, and well being of the community.

The fire protection service includes both fire suppression and prevention with a strong emphasis on fire prevention programs addressing:

1. Public Education
2. The inspection of existing facilities and plan review of proposed facilities within the community.
3. Fire cause determination, including arson investigation coordinated with the Madisonville Police Department.

It is the specific intent of the Department to provide support elements: administration, personnel services, training, communications, apparatus, and equipment to optimize the effectiveness of department personnel and to provide for the highest possible levels of safety and health for all members. Department members will be encouraged and assisted in their potential for professional growth, development, and advancement.

It is the further intent of the Department that its resources will be available to community citizens in an equitable manner, consistent with the well being of the community at large.
